

SLEEPY BELGRADE FAST BECOMES
CONTENDER AS BALKAN "PARIS"

By the Associated Press.
BELGRADE, January 25.—Belgrade is now vying with Bucharest for the title of "Paris of the Balkans." The city is being rapidly transformed from a sleepy, melancholy, unattractive provincial town to something like a European capital. Its stores are full of luxuries, jewels, rich furs, silks, lingerie, expensive confections, perfumes and cosmetics. Everybody seems to have ample money to buy these articles. A tide of prosperity is now flowing through the country. There is not sufficient room in the capital for the thousands of Slavs who want to come here from the United Provinces. Several thousand new buildings are under construction; the streets are being repaved; parks, public squares and an esplanade are planned; a new royal palace and a new parliament building are nearing completion; the construction of a great stadium is contemplated, and the government is offering prizes of 500,000 francs for the best plan for the improvement and beautification of the city.

Women Know Belgrade.
"You won't know Belgrade in another five years," its citizens say proudly. "We shall have a capital worthy of a nation of 13,000,000 people and a city that will attract Europeans."

It is a city of strong contrasts. In the heart of the business, banking and shopping sections the visitor sees many peasants, herdsmen and hand-made farm carts drawn by the immemorial ox.

An American visitor was startled to see an aged ex-soldier carrying a coffin on his back through the crowded shopping district of the capital. It was explained that the Serbian undertakers made their deliveries of coffins to their patrons in this fashion. Such incongruities are constantly to be seen in the capital.

MONEY AND CHAMPAGNE PARADISE
FOR GERMAN POLITICAL PRISONERS

By GEORGE WITTE.
Copyright, 1922.
BERLIN, January 25.—Bavaria is a paradise for political prisoners, according to statements made in a debate in the Munich diet. Under the leadership of Ernest Toller, a radical poet and dramatist, who is serving a sentence of several years in the fortress of Niederschoenfeld, a "hobo ball" was given. The prisoners ran around masquerading as kaisers, princes, famous generals and other royalist characters. At the same time they consumed immense quantities of food and liquor, including champagne.

The communists of Germany planned Santa Claus for their imprisoned comrades, and on Christmas morning the men found in their stockings 10,000 marks in cash and almost three tons of delicatessen, including every kind of alcoholic beverages, smokes and other "luxuries."

The prisoners are getting as fat as pigs," complained one reactionary. "It is a fact that one prisoner had put on fourteen pounds in the last two months. If you don't fight to see who can get in wrong with the government first and be sent to Niederschoenfeld."

It is, however, reported that the Kappist leader, Von Jagow, who is serving a five-year term in Pomerania, has petitioned to be transferred to Bavaria, so the laugh may be on the reactionaries.

CONSPIRACY IS CHARGED.

CHICAGO, January 25.—Three officials of the Master Steamfitters' Association and three contractors were named in an indictment returned by the special grand jury investigating labor troubles here. The indictments charge that the men conspired to fix the price of heating plants.

Those indicted are Charles Glennon, secretary of the association; Lewis T. Mann, his assistant; Charles M. Rau, business agent of the steamfitters union; and Robert Wray, John R. Kohn and William A. Pope, contractors.

FRENCH DOLLS, KNOWN
AS GOOD LUCK CHARMS,
HAVE JAPANESE RIVAL

PARIS, January 1.—Ninette and Rintintin, those funny little French dolls so long regarded as good luck charms, at last have a rival, who bids fair to be even more popular. He is Nikki, a chubby, plump, porcelain Japanese doll, with painted features and sleek hair, short, fat arms and legs full of character.

A pudgy hand holds a Japanese fan and his eyes and mouth are wide open as if in amazement at the approaching future. Nikki is regarded as the most attractive in the chain of charms which have appeared since 1914. His quilted satin coat gives him a friendly smile and air which endears him to every one.

IRISH DISCUSS CALLING
EMIGRANTS BACK HOME

Speakers at Paris Congress Say
Nation Could Use Many Technical Men.

By the Associated Press.
PARIS, January 25.—Nationalization of the Irish railways and banks were among the measures recommended to the Irish government in today's debate in the world congress of the Irish race, where ways and means of helping Ireland to economic independence were under discussion. Delegates who spoke also insisted upon the necessity of transforming English-owned industries in Ireland to distinctly Irish enterprises.

In talking on the subject, Miss Mary MacSwiney of Cork declared the common citizenship of the Irish with the English, provided the English-Anglo-Irish treaty, would have to be done away with before Ireland could do anything toward helping British capital out of Ireland.

Thomas Hughes Kelly of New York declared all the economic machinery of Irish life was in the hands of interests antagonistic to Ireland—the railroads, ports and all means of transportation—and that the nation's trade would be stranded until this machinery was taken out of foreign hands.

The eventual return of Irish emigrants to their native home to help in building up the country was discussed, the speakers agreeing that Ireland could use a great many technical men who have learned technical trades abroad and that she would ultimately be able to utilize much of the English capital which has been agricultural production up to the maximum, which speakers estimated would be three times her own needs in food.
